

## Futuristic Security Council Chairs

*Anthony Dada*

*Joseph Choefati*

### Anthony Dada

I'm Anthony, I am co-chairing the Futuristic Security Council in the SHSMUN '20 conference. I thought I would introduce myself, before having the pleasure of meeting you at the conference. I am 17 years old, and currently in Secondary 3, General Sciences. My hobbies are skiing, watching series, and listening to good music. I love to joke around and laugh, because I believe laughing is good medicine. I also always do my best to meet as many new people as possible. During vacations, I volunteer with the elderly and disabled people. I would like to add that my co-chair and I worked really hard on this committee and we expect you to come motivated and well prepared to make this conference the best two days of your MUN experience. Good Luck to All.

### Joseph Choefati

I am Joseph Choefati and I am chairing the Futuristic Security Council at SHSMUN '20 with my co-chair Anthony. I have been in MUN for three years now. Currently, I am an IB1 student and I really like sports, cars and music, preferably Kid Cudi. Knowing my co-chair and myself, FSC this year will surely be an extraordinary committee. I really do hope that you guys are as excited for this year's conference as we are.
